

**Remarks**

In the Final Office Action dated July 9, 2010, it is noted that claims 2-7 and 9-13 are pending; that claims 9-13 have been withdrawn from consideration; and that claims 2-7 are allowed. It is further noted that the Applicant has not addressed all the rejections/objections in the previous Office Action mailed on 28 January 2010.

Applicant's attorney, Wan Yee Cheung, thanks Examiner Alavi for a phone interview on November 2, 2010 regarding the requirement to provide the Abstract on a separate page, instead of being a part of the front page of the PCT application.

By this response, the previously withdrawn claims 9-13 have been cancelled. A copy of the Abstract (un-amended) is provided on a separate page to comply with the USPTO requirement. No new matter has been added.

In view of the above, it is respectfully submitted that this patent application is now in condition for allowance. Entry of this amendment and reconsideration of the application are respectfully solicited.

If, however, the Examiner believes that there are any unresolved issues, it is requested that the Examiner contact the Applicant's attorney, so that a mutually convenient date and time for a telephonic interview may be scheduled for resolving such issues as expeditiously as possible.

Respectfully submitted,

November 9, 2010
